Ettington Scheme Car gets a Makeover

28 May 2012: Scheme Car gets a Makeover

Our Scheme Car has just returned from Mediafleet Ltd (<http://www.mediafleet.co.uk>) following its makeover! The car is an ex-WMAS Fast Response Vehicle (story here) and the old livery was showing its age after six years. Mediafleet - who had already kindly carried out some initial work on the car for us when we acquired it - very generously designed and fitted the new livery with no charge for the (considerable) labour involved and providing the materials at-cost.
